

HALL COUNTY SCHOOL NUTRITION

SUMMER NEWSLETTER

ANNOUNCEMENTS

Hall County School Nutrition is excited to announce that meals at no cost will continue through June 30, 2022. While we are offering meals at no cost, a la carte (individual) items, may be purchased through a student's My Payments Plus account.

If your student is participating in Virtual Academy, check out our website for detailed instructions on how to order your meals for school year 2022.

What's a Lunch Box Buddy? I'm so glad you asked! If your student brings lunch from home, he/she can still pick up 3 items (must include 1/2 cup fruits or vegetables) at no cost.

Summer Fruit Spotlight: Peaches are in season! Peaches are as healthy as they are tasty. The high vitamin C content in peaches help boost the immune system. Check out your local farmer's market for peaches this summer!

Georgia Department of Education School Nutrition

This institution is an equal opportunity provider.
